

**A Proposal by Cumbria County Council  
Section 19 of the Commons Act 2006  
Correction of the Register  
Historic Omission**

In accordance with paragraph 18(1) of The Commons Registration (England) Regulations 2014 please find below a statement in writing describing the proposal and the justification behind it.

**Description of the proposal:**

It has become apparent that an error was made by the Commons Registration Authority when updating the commons register for CL293 Mungrisdale Common in 2005 to record a transfer of rights. The error concerned an historic omission of fields from previous apportionments which resulted in an incorrect number of rights recorded at entry 44.

**Justification for the proposal:**

The Commons Registration Authority believe that correcting this mistake, and therefore ensuring the accuracy of the commons register would be in the public interest, particularly as the remaining rights are likely to be apportioned further.

Official notice of proposal to follow

**A Proposal by Cumbria County Council  
Section 19 of the Commons Act 2006  
Correction of the Register**

Notice is hereby given that a proposal has been made by **Cumbria County Council** ("the Proposer") as the Commons Registration Authority, under Section 19(2)(a) of the Commons Act 2006 and in accordance with the Commons Registration (England) Regulations 2014.

The proposal relates to register unit CL293 Mungrisdale Common.

A summary of the effect of the application is as follows: An application for the amendment of register entry 35 to record a transfer of ownership was made on 24<sup>th</sup> June 2005 ('the 2005 Application'). The 2005 Application resulted in the rights to graze 83 sheep or 17 cattle and followers on Mungrisdale Common comprising the whole of the land in this register unit being recorded at entry 44. The particulars of the land to which the right was attached were recorded as O.S. field nos. 141, 138, 139, pt 201. However, field numbers 42, pt43, pt41 and pt44, which had formed part of the original dominant tenement, had been omitted from previous apportionments, resulting in the incorrect entry in column 5 of the rights section of the register.

The correct numbers of sheep or cattle at entry 44 should have been recorded as 79.22 sheep or 16.23 cattle and followers attached to O.S. field nos. 141, 138, 139, pt201, on the O.S. map 1899 Edition, Sheet 57-6. A second entry attached to the omitted field numbers should have been recorded as 3.78 sheep or 0.77 cattle and followers attached to O.S. field nos. 42, pt43, pt41, pt44, on the O.S. map 1899 Edition, Sheet 57-6. The Proposer seeks by this proposal to correct that mistake.

If the proposal is granted the Commons Registration Authority will give effect to the determination by deleting current entry 44 of CL293 (making reference to the new corresponding entries), and making new entries in the registers showing the correct apportionment.
