Classroom Instrumental Learning (CIL)

Through whole-class teaching you can ensure that **every child** has an opportunity to learn to sing, play an instrument and create music together in class time. Our CIL programme is designed to spark children's musical curiosity through playing, singing, listening, creating and performing.

Delivery Details

*Weekly programme

Lesson length: One session is a minimum of 60 minutes (45 minutes per hour guaranteed delivery time to allow for instrument set-up, tuning and packing away).

Group Size: 1 class

Minimum Delivery: 1 year = 33 sessions [One-term programmes may also be considered subject to Music Service timetabling constraints.]

Cost

***£57 per session to each primary school for one year group [mixed year groups for small schools], additional classes at a cost of **£67 per session**

*These programmes are usually subsidised through the Music Hub fund. Further information on Hub subscription packages from September 2024, will be made available once the Arts Council England and DfE has confirmed funding for 2024/25 to the Hub Lead Organisation in July 24. We anticipate 1 term (10 weeks) of CIL will be offered free to each primary school for one year group (mixed year groups for small schools) and access to curriculum resources Charanga and CPD.

** Additional classes will not be subsidised by the Music Hub grant.

Key Features

Progression built-in: Designed to start children on their musical journey, the programme is an excellent preparation to enable engaged children to take the next step towards small group instrumental tuition in subsequent years.

High Quality: Our programmes are designed to be a key part of your school's curricular music offer and support the National Plan for Music and the Model Music Curriculum. Our team of professional specialist teachers are fully DBS checked, undergo annual Safeguarding training, and are supported by regular training and quality assurance.

Inclusive: Whole Class teaching ensures that every child is included.

Instruments included: CIL packages include hire of a class set of instruments.

Free Digital Resource: Charanga [TBC once grant funding is confirmed]

Suitable for: KS2/KS3/Alternative Provision/SEND (KS1 by agreement)

Small Group Specialist Teaching: Instrumental & Vocal

Every child should have the opportunity to progress their musical interests and talents. Our Small Group lessons provide high quality opportunities for students to progress on their chosen instrument and voice with specialist tutors.

Key Features

High Quality: Our teaching supports your curricular music offer, the National Plan for Music and the Model Music Curriculum. Our team of professional specialist teachers follow the Music Mark 'A Common Approach', are fully DBS checked, undergo annual Safeguarding training, and are supported by regular training and quality assurance.

Comprehensive: Our specialist tutors cover a range of instruments.

Inclusive: Many schools use Pupil Premium funding to support those whose only chance to experience instrumental lessons might be through these opportunities in school. Our teachers are trained and supported to enable children of all abilities to progress their musical interests and talents.

Supporting National Accreditation: Including performance exams eg. ABRSM, Trinity, and Rock School and Arts Awards, DofE Awards etc, and national examination awards eg. GCSE, BTEC, A Level music (performing and composing).

Clear progression route: Enabling all young people to achieve their full musical potential and to benefit from local and national ensemble opportunities.

Whole-Class Music Technology

Discover the world of music with Composition as a focus - a 6 week Class Club/Disco. (5 weeks of focus on composition using Garageband plus final 6th week class disco where the students DJ/perform their pieces to each other)

Use music technology in innovative ways in the classroom to create music digitally - sourcing and recording sound, learning about sound manipulation, composition and music production using standard IT equipment available in your school.

Delivery Details

Lesson length: 1 hour

Weekly for 6 sessions

Group Size: 1 class

Cost

£385

Key Features

Flexible: Our tutors can work with you to create a project that suits your group needs and technology.

Creating Music: Compose, record and collate sound, and produce the recorded field samples as a composition.

CPD: Teachers can learn about Music Tech with their class, or sign up for online CPD.

Inclusive: Whole Class teaching ensures that every child is included.

You will need to provide IT equipment including basic recording devices, computers or tablets, and download free music tech programmes.

A member of your school staff is needed to support the delivery of the programme - with the opportunity to develop their own skills.

Suitable for: KS2/Alternative Provision

Music Curriculum Teaching

Support your core music curriculum delivery with flexible and tailored weekly sessions planned and delivered by our specialist qualified music teachers. All lessons will be based on the Model Music Curriculum and support the National Plan for Music.

We can include a wide range of musical experiences including singing, composing, performing, listening and music technology as part of your curriculum delivery offer. We can also include CPD for your staff as part of the weekly sessions.
